It times will only revive,
And there stands old Meade.

And there stands old Meade.

And Glendene has something to be proud of, a Democratic constable.

Our Rosetta correspondent has a little of the fire of Democracy left in her yet.

This country owes Europe \$3,000,000,000 on which she pays \$1,800,000 annual interest.

The Democrats were not in it, says an exchange. Oh, yes they were in it big while they lasted.

STATE Treasurer Hale expects to resume the payment of State Treasury warrants by Dec. 1.

SENIOR Brice thinks Vice-President Stevenson will be the next Democratic nominee for President.

We've seen the time when Democrats were a little bit jollier than they were at Hardingburg last Monday.

Well, we can probably knock out Benjamin Harrison in '96, if there are no landladies to encounter.

One of the richest women in America died in New York a few days ago. Her wealth was estimated at \$3,100,000.

OWENSON did a wise thing to vote for brick tees, and Gloverport can furnish all the brick necessary for putting them in shape.

SAV, you Republicans, please don't mention that little affair of Nov. 6. Let's talk about good roads or something else that's not so painful.

MEADE COUNTY Democrats don't know that there has been a landslide only when a Breckenridge county Democrat steps over and mentions it.

GROVES Cleveland's perversity and the Democrats staying in the house is what it is. There may be some good to come out of it later and further on.

The millers of Chicago have decided to suspend operations in their mills for six weeks, in order to force up the price of flour by curtailing the output.

WAY has not the Fiscal Court of this county put into operation the new law governing the work of the public roads? Why does it not do it even now?

M. MYERS, Burns, says he has been through a cyclone that swept away the roof of his house, but he didn't feel half so bad as he did when the one of Nov. 6, struck him.

REPUBLICANS are already discussing who they will put up to run for the Legislature next year, while Democrats have concluded not to take the subject at all just yet.

THE General Manager of the Acme Brick Company told the News last week that since he had taken the company's business out of the hands of its receiver, he had reduced the indebtedness over six thousand dollars.

OUR clever Breckenridge correspondent clanders a wedding or a church dedication in as graceful and artistic style as do many of the best city correspondents. She does all her work well and the News is justly proud of her.

THE Democratic boys over at Hardingburg are setting their heads in order preparing to vacate Jan. 1. There is one thing that can be said of our boys, they will leave a clean house from cellar to roof. There is some consolation in this.

WE entirely overlooked the fact and really beg pardon of the gentlemen who should have been mentioned as having been elected to the office of Constable by the Democrats in the Rock Valley precinct on Nov. 6. Yes, sir, we assure you that it is important.

THE editor of the Courier-Journal seems to think that the recent defeat of the Democratic party in this state was not caused through the secret ballot system of voting, but he is certainly mistaken and right now two-thirds of the party in the state are ready to return to the old viva voice system, if the question was submitted to them.

A noisy conflict which occurred last Sunday in Owensboro in which several young men prominent in society and in business were the leading figures and two of whom were mortally wounded leads the Messenger to remark, editorially: "There is the worst gang of young drunks in Owensboro just now that we have known in a dozen years."

It is a committee of about seventy fathers of boys from seventeen to twenty-five years old, and fathers of nice young girls with whom these young rascals are allowed to associate, should squelch down upon the cause, gambling houses and worse places about midnight, there might be in this town an opening of eyes that need not see because they refuse to see. There may be no hope for these a little further along, but some thing ought to be done to save these boys. A Dr. Parkhurst is needed in that city.

Can you hear the foot of our new mill?

Mrs. George Taylor and sister, Miss Sallie are visiting friends and relatives in Meade and Hardin counties. They took the dedication of the Catholic church at St. Martin's in Meade.

Mr. A. B. Kasey has moved to his new residence recently purchased by him from C. Mercer. Mr. Mercer moved to the property at the bridge. All parties are pleased with their change.

Mrs. Pickering and Field, of Louisville, have engaged board with G. T. Mercer for several weeks. They have contracts for several Jefferson county parties to supply them with cedar posts. They have struck the right place. This part of Breckenridge can supply more cedar lumber than any other part of the county.

Dr. Walker, Bewleyville, came over Thursday to see how many Democrats were to be buried since the 6th inst. We are sick but have strong hopes of recovery. Feel our pulse and you will see there is a strong pulsation left. Yes we are beaten but we will show you something in '96.

It did our hearts good this week to hear from our old friend, Frank Sterrett and his family in Dakota. The News says Sammie is 21 years old. Sammie was a pupil of mine during my first school year, and a brighter little pupil I have never taught. I often recall the pleasant nights spent with his mother during those days, and take this opportunity to send my best love to each member of the family hoping they have not forgotten me as I have not them.

Perry County Farmers' Institute.

The Perry County Farmers' Institute will be held at Tolandville on Monday and Tuesday, December 3rd and 4th.

Attack of Heart Trouble.

Mrs. J. D. Bradshaw suffered a severe attack of heart trouble last night at the Fourth Street Presbyterian church.

She was resting easy to-day.—Owensboro Inquirer, Nov. 15.

A Farmer Killed in Davies County.
A shooting occurred near Rome Tuesday says the Owensboro Messenger in which two persons were killed and one injured. The news reached the city yesterday when Mr. McShane came in for a warrant charging Jay Morgan with shooting with intent to kill Thomas Gillespie. He stated that Morgan and Gillespie had a quarrel over some land belonging to Morgan, on which Gillespie held a mortgage. Morgan claimed to have paid it off, but Gillespie sued and got judgment for \$75 which was repaid Monday.

Tuesday night Morgan called Gillespie to his front door, and it is said, without warning fired two barrels of a shot gun at him. The shot scattered some, but most took effect in the right thigh. Dr. Morgan was summoned and he pronounced Gillespie's wound fatal.

Sabbath school in the forenoon and Epworth League in the evening, November 18.

The election is well over and everybody has settled down to steady work. What we can't help we have to endure, and so to those victorious we grant the privilege of seeing how very nicely and pleasantly they can wield the power so overwhelmingly placed in their hands. It is to be hoped that the Republicans will remember that they are Americans, and let patriotism and not party govern all their actions.

The fourth week in the Sabbath school lesson, Nov. 18, does not apply to the Bewleyville correspondent of the News, for though many say "a little thing, yet all men do speak well of Goldenrod."

A HORRIBLE DEATH.

Miss Mollie Mings, an Estimable Young Lady Burned to Death.

McQuay, Nov. 10.—Miss Mollie Mings, one of our most estimable young ladies, met a horrible death last Tuesday while visiting her aunt, Mrs. F. Basmam, West View. Mrs. Basmam had gone to a spring some two hundred yards distant and while there she heard a scream from the house, and hurrying back, she was horrified to find her niece enveloped in flames and rushing from room to room in a perfect frenzy of terror. Mrs. Basmam used every means in her power to quench the flames, burning her own hands and arms badly, but all her efforts were in vain. Every vestige of clothing was burned from her body, and after lingering for two hours enduring untold agony, death finally released her from her suffering. It is supposed that in Mrs. Basmam's absence, Miss Mings went into the kitchen and her clothing took fire from the cooking stove. Our hearts were saddened by the news of her death, for we all loved her for her bright cheerful face and sweet disposition. May God comfort the bereaved parents, brothers and sisters. One of our best loved girls is gone.
